Why this meeting, now?

Build Relationships

Understand Program Requirements

"It's the little conversations that build the relationships and make an impact on each student."

Robert John Meehan
Different Components of Early Childhood Education

- Child care
  - Zero to School Age

- Early Head Start
  - Zero and up

- Head Start
  - 3 to 5

- Pre-K

- Part B/C/619
Welcome!

Different regions, same goals....
Getting to Know You...
Goals for the Day

• Continue to **build cross-sector relationships** and act as resources to support local collaboration.
• **Understand** requirements and opportunities across programs.
• Support **coordinated** early learning systems at the local level.
• Understand how this local coordination/collaboration work connects with other state initiatives
• Understand each other’s roles and **recognize** opportunities to collaborate in order to achieve greater results than any one entity can achieve on its own.
• Develop strategies to **support** local collaboration.
Meeting Norms

- Be honest, be kind & assume good intent but impact matters too
- Listen to understand, not just to respond
- Expect & accept non-closure
- What’s said stays, but what’s learned leaves
- Share the air (2B4Me)
- Be present, but take care of yourself
Working Together
Understanding the Requirements and Opportunities

Looking Back at 2018!

• Early learning and K-12 leaders participated in webinars and attended presentations to learn about the early learning opportunities in ESSA.
• 82 cross-sector teams attended regional meetings and developed shared commitments for birth-through-third grade strategies in their local work.
• 5 teams representing 7 districts received ongoing intensive support.
• Created Toolkit for districts to use to include early learning strategies in CCIP.
Commitments Made!

- 71% said that their team was working to implement the commitments identified at the regional meeting.

- Common Themes from Survey
  - Transitions
  - Partnerships
  - Data tracking and sharing
  - Professional development
  - Parental Involvement
  - Improve Literacy
  - Screening
  - Curriculum and standards alignment
  - Pre-K accessibility (5)
Looking Back at 2019!

• 79 cross-sector teams attended regional meetings and developed goals and strategies to align strategic plans.
• Created resources including Coordination Guidance and updated CCIP Toolkit.
• Held webinars for developing MOUs, using collaborative action planning agendas and using CCIP toolkit.
• Held Office Hours for teams to sign up.
• Held MOU meetings for teams to learn about requirements and work with partners to update or develop MOUs.

Follow Up Evaluation

Those who attended the regional meetings report seeing a clear impact on their ongoing work.

2018
• 95% said that attending the regional meeting impacted their work.
• 86% said that their ESSA plan would include birth through eight strategies.

2019
• 77% said that attending the regional meeting impacted their work.
• 74% said their teams were working to address the problem of practice and use the strategies they identified at the regional meeting.
What Was the Value of the Work?

• Increased understanding of the state's focus on birth through age eight literacy and learning.
• Helped to get the conversation going and pulled all of the stakeholder groups together - some of whom I had never met or worked with.
• The discussions at the meeting helped me with a Pre-K through 12 perspective, which is a shift from a K-12 perspective.
• Helped our ESSA Team have a better understanding of the purpose for this initiative, gave us direction, and provided us with time to meet and discuss how early learning is working in our county. We created goals and strategies for improvement. It was very helpful with getting all of the key players in one room to have those necessary conversations. Decision makers/school leaders were present, which helped.
• Two programs collaborated to reach a larger population of children in our county.
• This event helped clarify opportunities and brought people together to collaborate around the support of early childhood education. It is often difficult to meet with people who are not directly in one organization and this provided that opportunity.
• Presenters gave us the tools to begin to develop plans and made us think strategically about how to develop them.
• Receiving important district data to identify problem of practice is beneficial in our work as we develop our strategic plan for the next cycle.
• The ESSA Early Learning meeting provided a great opportunity for teams from various districts to work together and to also note what other districts are doing on behalf of children and families.
• Having the opportunity to hear from my colleagues that they share the same challenges as me was encouraging. We are not alone on this great work.

Finding the Opportunities

- What data do we have about young children in our community/region?
- Who are our partners in early childhood as we do our daily work?
- How are we currently spending funds?
- What are parents asking about in this community/region?
- What do we know about elementary schools most at risk of being in school improvement status?
