ECDAC 2022 Survey

• ECDAC objectives and structure
• Sustainability
• Share your feedback!

Please take five minutes to complete the ECDAC survey linked in the chat.
ECDAC Objectives

• Improve quality and scope of early childhood data
• Advocate for agencies and organizations to align their work around the NC ECAP and Pathways measures
• Advocate for and facilitate better data sharing
• Provide guidance, feedback, and support to ground the state’s early childhood work in data and research
• Build partnerships with other existing data groups
• Serve as ambassadors for NC ECIDS, ECAP, & Pathways
Agenda

• Updates from NC ECIDS and DCDEE
• Council Discussion
• Guest Speaker: Van-Kim Lin
Mission and Vision

Mission

Maintain and enhance a high quality, comprehensive, integrated early childhood data system for North Carolina to inform policies and practices that produce better outcomes for children and families.

Vision

To maintain a high-quality early childhood integrated data system (ECIDS) for North Carolina (NC) that is in support of state priorities to improve early childhood and later life outcomes, particularly for the most vulnerable children. The NC ECIDS will be readily accessible and relevant for use by state and local agencies, policy makers, program and community leaders, researchers, community leaders, and advocacy groups to make data-informed decisions in a way that fosters data responsibility and integrity.
NC ECIDS Updates

• Memorandum of Understanding (MOU)

• Integration of 3 additional data sources
  - Home Visiting
  - Early Hearing Detection and Intervention (EHDI)
  - Home Visiting

• Discussions on sustainability after the Preschool Development Grant (PDG)

• Working with the NC Longitudinal Data System (NCLDS)

• Continuing work to modernize the NC ECIDS reporting
  - Data Selector User Interface
  - Enterprise Entity Resolution (EER) Integration
Data Selector Tool Development

- Data Selector
- Business / Program
- Reviewer
- Data Quality
- Data Structure
- Data Review

2024 North Carolina Child Care Funding Cliff

SCALE OF ARPA FUNDING

-75%!
DCDEE Data Governance Updates

• First Data Use Agreement (DUA) has been executed

• Working on 5 other DUAs

• Two new data contracts
  ▪ FPG: Data Governance
  ▪ NC State: Custom Data Course
• Potential Revisions to Data Development Strategy (10 min)
• New SEH Measures (20 min.)
  ○ Review of any updates & discussion of potentially developing another measure based on the data development strategy
  ○ Suspension and expulsion, affordable child care, literacy measures and supportive parental behaviors
Social-Emotional Health

Percent of young children screened for social-emotional health needs, disaggregated by race/ethnicity, income, and county
1. NC DHHS and other partners are discussing the use of Medicaid claim data to collect SEH screen and related data for children. Also, private health insurance (BCBSNC). Specific codes have been recommended.

2. NC DHHS is including flourishing metric on Child Behavioral Health Dashboard and considering future options (e.g., over sampling)

3. The Infant and Early Childhood Mental Health Consultation Task Force, EarlyWell, and other initiatives are also focusing on data development in this area.
